Fire Monday Again Destroys The Home Of J. N. Beach

LOSES HOME; WILL REBUILD

For the Second Time Within Year
Sonoma Vista Resident Loses His
Property In Flames.

The James Beach home at Sonoma Vista, which was one of the first to be rebuilt following the big fire of last September at Boyes Springs, was burned down Monday about noon, with a total loss to the owner.

Mr. and Mrs. Beach were out in their vegetable garden when they heard a strange noise in the house, and upon investigation discovered the interior of the kitchen a mass of flames. So hot was the fire that when Mrs. Beach threw open the door she badly scorched her hair and was forced to flee from the flames while her husband gave the alarm. When help arrived it was too late to save either home or contents, and the volunteer fire department and neighbors had to battle to keep the fire from communicating to other houses. The roof of

ARTHUR RAMBO

DIED ON MONDAY

Arthur Rambo, well known Sonoma resident, who has been ill many weeks, died at Lane Hospital in San Francisco Monday afternoon. His death came as a surprise from prolonged suffering from a tumor on the brain and ended the loving vigilance of his devoted wife and children.

Deceased was a native of Solano county, California, aged 57 years. He is survived by the widow, Mrs. Essie Rambo, a daughter, Mrs. Irene Seawell, and a son, Elmer Rambo, of Berkeley. Three brothers, among them William Rambo of Sonoma, are also left to mourn him.

Funeral services were from an Oakland undertaking parlor Thursday, with interment in Berkeley.

Mr. Rambo had been a resident of Sonoma for several years. Prior to coming here he was a grocery store proprietor at Vacaville. He was a man of quiet, kindly personality and was well thought of by his friends and neighbors.

LADY CELEBRATES

HER 95TH BIRTHDAY

Mrs. O. J. McKinnon celebrated her 95th birthday Monday evening at the beautiful home of her daughter, Mrs. Middlemas, in Alameda, where she now resides. The pioneer mother, hale and hearty, enjoyed the party given her by Mrs. Middlemas, and wrote of it to Sonoma friends. She told of many lovely bouquets and presents received and the refreshments served to the guests who called to congratulate her.

Mrs. McKinnon lived in Sonoma many years with her daughter, the late Mrs. Munfrey, and has a large circle of old friends in this valley.

Contractor R. E. Murphy is erecting a silo at the H. F. Bates dairy ranch.

Sonoma "Lizzie"

Goes On Rampage Here Thursday

The business district of Sonoma had more excitement Thursday morning, when a short time after the fire alarm, F. Nichelini's Ford ran away. The Ford, usually a docile work animal that stands without hitching went on a rampage when Nick loaded her up with iron pipe and prepared to send her out on a job. The well known plumber was at the wheel but as he rounded the Valley National Bank corner the truck shied at several passing cars, struck one and deliberately bolted on to the sidewalk and tried to make its way through the door of the used car emporium on Napa street. Nick, who is a good vaquero, stuck to the wheel and succeeded in quieting the animal before it crashed through through the wall. Experts say the car was overloaded, and with too much rear weight the steering gear wobbled. Damage nil, but excitement a-plenty.

POPULAR TEACHER TO

WED SONOMA MAN

Miss Cora Adams Will be Married
Shortly to A. Maffei, Well Known
Proprietor of Local Market.

An engagement of interest to many friends, both here and in Chico, is that of Miss Cora Adams, the popular school teacher of San Luis district, and A. Maffei, well known proprietor of the Broadway Market.

The bride-to-be is a beautiful girl of the brunette type and charm of manner. She is popular with pupils and patrons of the district where she has taught and they will part with her with reluctance. She has been residing with her mother since coming to Sonoma from Chico where the family formerly resided.

Mr. Maffei is one of Sonoma's leading young business men and has a host of friends who will extend hearty congratulations.

The wedding will be an event of early summer.

RECORDER DOES NOT

GET RICH SO FAST

City Recorder J. L. Small does not get 25 per cent of the fines in speed cases, but is allowed just \$2.50 for every case tried. However, if a speed violator is not held guilty, his Honor gets \$2.50 just the same for holding court and hearing the case.

It was erroneously stated last week that the recorder was to get 25 per cent of all fines in speeding cases, the same as the deputy marshal, or speed cop.

TALENT IS DISPLAYED

AT VAUDEVILLE SHOW

Children Dancers at Show On Last
Saturday Night Are Credit to Their
Teacher, Miss Alfreda Smith.

Sonoma Valley has some very clever juvenile talent, as was demonstrated at the vaudeville show given last Saturday night by the pupils of little Miss Alfreda Smith of Boyes Springs. It will not be surprising if some of the graceful and pretty dancers who danced their way into the hearts of the Sonoma audience would be taking Broadway by storm some day or making a hit in the Follies.

The stage setting for the show was an old fashioned garden scene and too much praise cannot be given the costuming, designed and carried out by Mrs. Smith and assistants. The Tanforan children and Gladys Gurcke, in the Gavotte, "Barney Google," "Ko-Ko-Mo," and other numbers were accorded a big ovation "Barney Google" by Evelyn Tanforan being particularly clever.

Anna Steinkamp sang "The West, A Nest, and You" very prettily, and has a soprano voice worthy of training. Baby Elva Ward and Alfreda Smith won the hearts of all with "Who Wants a Baby?" Alfreda Smith displayed real musical comedy genius in "I've Got a Cross-Eyed Papa," and "Tain't Goin' to Rain No Mo', No Mo'." "Mississippi Moon" was sung by Aileen Hansen in a very pleasing manner and showed the little Fetters Springs girl to have talent both for singing and dancing. "Say It With a Uueele" by Dorothy Overholzer and Alfreda Smith, gave Miss Overholzer, in Hawaiian costume, a splendid opportunity to prove her

A Drink Is

A Drink In These Days

A party of San Franciscans were here over the last week end and were being entertained by Sonoma Valley friends who have a cellar. Nuf sed! The ladies of the party wanted, however to sample the wonderful water of the Valley of the Moon mineral springs and insisted on motoring to the baths. Obliging husbands took their wives to the springs but refused to drink water. They even refused to wait while the ladies had a swim, because—well, they figured it wouldn't pay to lose too many good drinks which in Frisco costs them 75 cents each. They figured it out right there. Four drinks during the next hour, \$3.00. One taxi to bring the ladies from the Springs, \$1.00. In just \$2.00 and several real drinks as well. They lost no time in ordering the taxi.

SONOMA GIRL WAS

A LOVELY BRIDE

Nardi-Segale Nuptials Were Solemnized at
Brilliant Church Wedding In
San Francisco.

A recent wedding of interest to many Sonoma folks was that of Miss Adele Marie Nardi, and Henry Paul Segale, which was solemnized at the Star of the Sea church in San Francisco in the presence of 300 relatives and friends. The church was beautifully decorated and Miss Nardi, in gray beaded Georgette, with hat and sandals to match, was one of the fairest of brides. Her sister, Miss Albina, in a Georgette costume of new brown shade, made a lovely bridesmaid. The groom had for his best man Amando Bianchini popular Sonoma Valley young man.

Following the solemn ceremony which made the happy couple man and wife, the wedding party motored to the large assembly hall of the Clement Street Merchants' Association, where a reception was held. Under a beautiful floral bell, Mr. and Mrs. Segale received the congratulations and best wishes of their many friends and relatives. Dancing and a banquet were features of the evening.

The newlyweds are spending their honeymoon in the South and upon their return will make their home in San Francisco. They were the recipients of many beautiful presents.

The bride is a daughter of Mr. and Mrs. Felice Rovai of this place and spent her girlhood here, where she is highly regarded.

FORMER RESIDENTS

WERE VISITORS

Mrs. Emily Pauli, Mrs. Fred Raschen, Miss Pauline Pauli and the Misses Catherine and May Monahan were recent visitors at the home of Mr. and Mrs. Tom Monahan.

The visitors now reside in San Francisco, but were formerly old time Sonoma residents and were pleased to note the progress of Sonoma during recent years.

RETIRING PRESIDENT

IS COMMENDED FOR HIS GOOD WORK

New Officers for Sonoma's Parent-Teachers' Association Are Elected at Recent Meeting.

Mrs. R. B. Hunter, prominent club member and wife of Sonoma's city treasurer, was elected president of the Parent-Teachers' Association for the coming year. Other officers chosen at the meeting on Friday of last week were as follows:

Mrs. Fred Schell, vice president.
Mrs. C. C. Bean, secretary.
Mrs. W. W. Hall, treasurer.

The Parent-Teachers' Association has made excellent progress the past year and expressed thanks to the retiring president, George Crowe, who has been untiring in his efforts to build up the organization as a bond between the school and community.

Following the election of officers there was a splendid talk by Dr. George Ordahl of Eldridge, and dancing for the young people.

MEN LOSE LIVES

WHILE FISHING

H. F. McCargar, city councilman, and ex-officio president of the Board of Fire Commissioners of Petaluma, and Joseph Steiger, prominent sporting goods merchant of that city, were drowned in San Antonio slough at the junction of that stream and Petaluma Creek Sunday.

The two had gone to the Petaluma sportsmen's lodge on Petaluma Creek in Steiger's automobile for a day of fishing, taking a skiff and going out into the stream in search of striped bass. As darkness came on and they failed to return, Sam Goodwin, keeper at the lodge, started to search for them, but received no answer to his repeated calls as he ran along the banks of the slough. Their boat was finally found overturned in the tules.

Nothing was found until Monday morning about 8 o'clock when Steiger's body was taken out of the water just at the junction of the two streams and McCargar's body was recovered about two hours later.

It is believed that one of the men had hooked a big fish and in the excitement of the moment the boat was overturned, or that the accident occurred when the men were changing seats in the boat.

REPORTED REALTY

DEAL IS A MYTH

A reported realty deal involving the Clerici property on Napa street is declared a myth. The owners know nothing of such a deal and one of the purported buyers, A. Maffei, denies the rumor in toto.

It is reported that a large El Verano acreage of cucumbers being grown for a Santa Rosa pickle factory, had to be abandoned due to the water shortage and lack of irrigation counted on from the Sonoma Creek source.

Kingstone enjoyed the Valley of the Moon and contemplates buying a place and making her home in Sonoma Valley.

The coming Democratic convention at New York City seems to be the big noise throughout the United States. The Republican convention has not stirred up much of a roar, as President Coolidge seems to have the cinch on the nomination. The battle on the Democratic side lies between McAdoo and Governor Smith of New York. Wise old leaders of the party who have recently returned from the East, bring encouraging reports for Governor Smith, who is a brilliant man and the favorite of his home state. He also favors light wines and beer, as a large percentage of the voters of this country do, and should receive a tremendous vote on this one plank. It is the opinion of the writer that at this great Democratic pow-wow Al Smith will be selected to lead the party. Backed by the prohibition modification forces and his record as a New York official, he will be a strong contender against President Coolidge in the race for the White House chair.

Mrs. Kate Murray has returned to her home here after a pleasant visit with bay city relatives.

In a raid last Friday night Sheriff Boyes and his deputies seized six 1000 gallon tanks containing mash, seventeen sacks of sugar and other material on ranch near Cotati and arrested Allan and Roy M. Brown on a charge of having violated the dry law. They were taken to Santa Rosa and lodged in the county jail when unable to furnish bail.

W. Conferman and son have been up from San Francisco looking over property interests. They formerly resided here.

El Verano Grammar School held a picnic on the school grounds on last Friday, with games, lots of eats and ice cream. The Parent Teachers' Association, school trustees and pupils' parents, as well as teachers and pupils, enjoyed the day.

**"LIGHTNIN'" COMING TO
HIPPODROME THEATRE**

"Lightnin'" the comedy that broke the world's record by running three years at the Gaiety Theatre, New York two years at the Blackstone in Chicago, and which has just concluded sensational engagements in San Francisco and Los Angeles, will be seen at the Hippodrome Theatre, Napa, afternoon and evening, on Saturday, June 21st.

"Lightnin'" is described as a plain, simple, human document about plain everyday people. It is dominated by one of the rarest of characterizations—Lightnin' Bill Jones—regarded in the light of a stage classic.

The cast that will present "Lightnin'" in Napa will be headed by Percy Pollack, chosen by the late Frank Bacon himself, just before his death, to be his successor, and includes 13 of the original players who have been continuously identified with this famous comedy since the night of its New York premiere over six years ago. This includes Jason Robards, Paul Stanton, Thomas McLarnie, Sam Coit, John Hamilton, William F. Granger, Percy Winter, James C. Lane, Elizabeth Reynolds, Jessie Pringle, Margaret Cambell, Minnie Palmer and Mae Duryea; while others in the cast are Robert Lowe, Ann Merrick, Ruth Channing, Henrietta Tedro, Priscilla Pratt and Alice Quigley.

BACK FROM THE YOSEMITE

Ed Coates, of the bookkeeping department of the Ford Garage, and his sister of Santa Rosa recently returned from the Yosemite, where they spent a delightful week at Camp Curry. Prior to his residence in California, Mr. Coates was a well known educator in Wisconsin.

**A MAIL CARRIER FOR
THE CITY**

Now that Sonoma has so many blocks of paved sidewalks and the girls are getting so many letters and the business men so many checks, it might be timely for the town to have a city mail carrier.

The service was talked of some time ago, but we need more than talk to inaugurate the new plan of getting mail. A petition is necessary and as everybody signs petitions, that should not be difficult. All Sonoma needs is a live-wire to circulate the petition. Do not crowd, but some energetic individual kindly get busy and start something. It will be nice to wait for the postman and get the thrills and disappointments of his appearance on your street.

**TWO HOWLS TO BE
CONSIDERED**

The supervisor contest in this district has not warmed up yet, even to the degree where the incumbent is promising better roads. The words, "better roads," would be music to our ears, no matter from which direction they come. Better roads; music to our ears; and if realized would make it less jazzy for those who bump the chuck holes daily. Pre-election promises are usually just promises unfulfilled, but if the Supervisor now on the job would fill up the ruts and iron out the rough places on our county thoroughfares between now and election day his majority would attest the gratitude of his many personal friends and admirers.

Appropriation for coyote extermination is all right, but what about the howl for better roads? That, too, is to be reckoned with as all the supervisory candidates in the various districts must realize, whether seasoned candidates or novices.

**BUSINESS LINES AND
STRIPES**

San Quentin has been honeycombed with political parasites until it was little wonder that funds have been lacking for necessary things. The difference between the present State administration and previous ones is well illustrated by the resignation this week of the Secretary of the Prison Board, who was under fire and decided to let go. His business methods were not approved. His efficiency was seriously questioned. Governor Richardson and the Prison Board insist on businesslike conduct and attention to business. No political hanger-on can bargain now upon his record as a campaign revivalist. Prison management has not been functioning well because of lack of business qualities in political appointees of the Johnson-Stephens regime. Not so much lack of funds, but improper use of them and slack methods have brought the penitentiary at San Quentin to its present state. Sentiment and humane aims are nice in prison work, but the taxpayers' interest is also in the business management and internal administration of prison affairs. Recent changes on the Board and a little shake-up of officials inside the gray walls will do much to clear up the situation.

**YES, HEALTH IS
WEALTH**

If you get vexed with your old house and yearn for beautiful clothes just stop and think how much better your humble home and every room in it than the hospital, no matter how luxuriant the accommodations or how rich the robes which clothe the convalescent. No home is humble where there is health.

Liquor being made in Berkeley's city incinerator? Awful! And then the police force of the College Town are in the liquor scandal, too? We always knew policemen were slightly on the mash, but their Volstead day mash is different. Awful!

**QUALITY MAN FOR VICE
PRESIDENT**

Politicians are beginning to realize that the office of President of the United States has the element of the killing pace in it, so strenuous are its exactions and requirements. As a result, we find the country selecting vice presidential timber with far greater care than formerly. The Vice President may quite likely be called upon to assume the higher duties, and he must be equal to it. The United States was fortunate in having Calvin C. Coolidge as presidential understudy. The name of Herbert Hoover for Vice President inspires confidence for he is a man of affairs and experience. In addition, he has the poise and temperament which a man should have if called to the higher place in national emergency. He is a Californian. Let us hope the honor of his selection will come to our State.

Why isn't Petaluma capitalizing on its bee ordinance? We thought when bees were forbidden by law, the Petaluma Chamber of Commerce would buzz with the slogan, "No one gets

stung in Petaluma." Wake up, neighbor, Sonoma has no bee ordinance, but we claim that slogan goes for our town.

**EMPLOYEE AT ELDRIDGE
MOURNED BY FRIENDS**

Deep regret is felt throughout the State Home at Eldridge because of the death of Cyrus Innis in the hospital of the institution last week. Innis was one of the oldest employees of the home. He filled the positions of chief engineer and electrician.

Recently while cranking an automobile in the garage at the home the machine started and crushed him against the wall. Death resulted from the accident. Innis, by his long connection there, was a familiar figure to many Sonoma county people who have visited the home.

The wife of deceased died over a year ago. Among relatives surviving are step-children, Nelson M. Harbert, M. W. H. Wherry and a sister-in-law, Mrs. Charles Rubie, wife of Charles Rubie, who is employed at the Sonoma State Home as fireman.

Mrs. S. Ciucci has written to Sonoma relatives of her pleasant journey to Italy and declares she likes the old country and its hospitable people.

**A Veritable City
(Including over 40,000 Californians)
Owns the P. G. and E.**

THE securities of the P G and E are owned by over 60,000 people—enough to populate a thriving city.

Sun-tanned ranchers, hustling storekeepers, genial doctors, busy dentists, capable mechanics, thrifty clerks, widows—and a sprinkling of associations, make up the personnel that finances this public-service enterprise.

That these folks do not all line in one place does not matter. Over 40,000 are California residents—all are flesh-and-blood humans.

Here we have "public partnership" in its most sensible and practical form.

Individual initiative, so necessary for efficiency, is encouraged for the public's benefit.

The healthy, prosperous condition of the community is largely a reflection of this sane, common-sense, co-operative spirit!

You, too, are invited to become a security holder and a member of the progressive family.

What we wish to drive in is the importance of saving; having a bank account. It may require the giving up of certain pleasures just now, but is bound to make future pleasures and happiness the greater.

FIRE DESTROYS THE J. N. BEACH HOME

(Continued from Page One)

the Turner and Crowley houses were on fire at times, and dry grass igniting endangered the entire Sonoma Vista settlement. The chemical engine proved most effective.

During the progress of the fire the dog house burst into flames and a badly scorched and singed puppy who had sought safety in his pen during the excitement was rescued.

Mr. and Mrs. Beach lost all their clothes and furniture, including a new sewing machine and phonograph just installed last week. Their loss will approximate \$4000, with but \$1950 insurance.

They have temporarily taken up their residence in their garage, which was saved, but plan to rebuild despite the two fires they have suffered. Mr. Beach, a retired member of the San Francisco police department, likes Boyes Springs and would not live anywhere else. He and his wife are prominent in the Sonoma Vista Improvement Club.

RECREATION CAMP AT BOYES SPRINGS

Mrs. M. A. Soito has established a pleasant recreation camp near Boyes Springs, which promises to be very popular this and coming seasons. The tent cottages under the trees are neatly furnished and there is a family dining room in connection. Hammocks, swings and easy chairs make it most inviting to vacationists particularly the families, for the children have an ideal place to romp and to enjoy themselves. The camp is five minutes walk from the station and only ten minutes from the famous baths.

WILL MAKE TRIP TO LOS ANGELES

Mrs. G. H. Hotz and Mrs. Henry Wicker leave the coming week for a visit in Los Angeles. They will make the trip in the Hotz car and while in the South will visit friends and relatives including Mrs. Wicker's sister, Louise Rufus Lamb, and her husband.

Miss Lolita Clerici, who has been teaching at the academy in St. Helena, is home for the summer vacation and may later take the teachers' examination at Santa Rosa.

VALLEY OF THE MOON CHAMBER OF COMMERCE

The committee on by-laws, consisting of W. L. Murphy, S. Rosenthal and A. Elliot, met Monday, June 9th, at the Sonoma Valley Improvement Club house, Fetters Springs. Vice President Murphy occupied the chair. The by-laws were revised and presented to the Board of Directors, who were present at the meeting, for their consideration. They were adopted unanimously and ordered brought before a general meeting of the members for final decision.

Directors present were J. P. Serres, W. L. Murphy, M. Y. Hansen, M. M. Daubin, S. Rosenthal and A. Elliot. A motion was made by Mr. Daubin and seconded by S. Rosenthal that the secretary be instructed to notify the members to meet at the Sonoma Valley Improvement Club house at Fetters Springs, on Monday, June 23rd, to ratify the by-laws.

The public is beginning to realize the importance of having a live, representative body to look after their interests, as is shown by increased membership. Our neighbors are reminded that in numbers there is strength, and that this Chamber of Commerce embraces the district from Schellville to Glen Ellen. We want 500 or more members. If you have the interest and welfare of the valley at heart, file your application at once with any of the following directors: J. P. Serres, Agua Caliente; W. L. Murphy, Index-Tribune, Sonoma; M. M. Daubin, Boyes Springs; M. Y. Hansen, Fetters Springs; S. Rosenthal, Boyes Springs; James Kearney, Fetters Springs.

VAUDEVILLE SHOW SHOWS MUCH TALENT

(Continued from Page One)

dancing skill. In her "Moth" dance the costume was a beautiful one. In the song, "California, Here I Come," the children were costumed as California poppies and the number made a decided hit.

Among Miss Smith's best numbers was the Espana Waltz and the Sailor's Hornpipe. In the Spanish dance, Manzanillo, the costuming was brilliant and the dancing gracefully executed by Marguerite Cazes, Dorothy Overholzer, Baby Elva Ward, Aileen Hansen and Evelynne Tanforan.

In addition to the children already mentioned, Arpat Rothmuller and Bradford and Malcolm Champlin appeared in the opening chorus and also went through the intricate steps of the Virginia Reel and Quadrille, which would have puzzled some of the older folks present.

The children deserve great credit for the entire performance and Miss Alfreda demonstrated not only her talent as a dancer, but also as a teacher.

Mrs. E. G. Perkins, pianist contributed greatly to the success of the show. Following the program, dancing was inaugurated, the music being furnished by the Merry Makers excellent orchestra. The prize waltz was won by Mrs. L. Johnson and J. E. O'Brien both of Petaluma, and the juvenile waltz by Frank Tanforan and Gladys Gurcke.

**P. G. & E. TO REFUND
EXTENSION LINE MONEY**

Moneys advanced by consumers for the extension of electric lines in the territory supplied by the California Telephone and Light Company are to be adjusted in accordance with the Pacific Gas and Electric Company's recently established extension policy, was the word received here today.

Many and varied methods of procedure were in force in the California Telephone and Light Company's territory from time to time and all of these accounts will be adjusted and placed in accordance with the Pacific Gas and Electric Company's rule and regulation No. 20, which covers the procedure now followed in all of the Pacific Gas and Electric Company's territory.

In March, 1923, the company put into operation a new extension plan whereby for a bonafide residential lighting consumer it would make an extension of its electric lines on public highways to a cost of \$125. The company will now expend five times the annual revenue to be received from any proposed line extension to render electric service for agricultural or manufacturing purposes.

In order that all California Telephone and Light consumers who have in the past advanced moneys, for the extension of lines, which has not been refunded, the company is applying this new program which will mean

thousands of dollars will be refunded to consumers in the California Telephone and Light territory. Refunds will be made by check and it is estimated that it will take approximately 60 days to complete the payments.

EL VERANO NEWS

(Continued from Page Two)

Chance, Miss Lindauer, Mr. and Mrs. Lindauer, and Ritchie Lindauer. Mr. Lindauer, father of Mrs. Chance, is a well known stock dealer and California capitalist.

Joe White of Los Angeles, who has been renewing acquaintances in Sonoma Valley, returned to the southern city last Sunday.

Jack Main, well known Verano business man, transacted business in the bay city last week.

For the first time in the history of Sonoma county, the famous Sonoma Creek, noted for its scenery and many pretty spots, is almost dry. The lack of rain last winter is the cause of the scarcity of water, large quantities of which has been used for irrigating and other purposes. There is no doubt that before long the creek will be as dry as the driest prohibitionist. One of the hardest sufferers from the present drought are the big French frogs which have invaded the creek some years ago.

Our well known mosquito doctor, William Baines, who has cleaned up the long legged pests in Sonoma Valley, is busy this week exterminating the biting insects near the R. A. McDonnell home in Sonoma. Ranny statement that the mosquitoes were a pest has given our wide awake mosquito doctor the scent, and before the prongs of these blood sucking insects are sunk into the former Sonoma politicians white and tender skin, he promises to exterminate them, thereby saving Ranny and the Sonoma Board of Trustees much worry and loss of sleep.

Michael Maloney, Civil War veteran, accompanied by his sister and brother-in-law, were in the Valley of the Moon over Sunday registered at Paul's Resort.

Fat Kiser and young States of Sonoma are spending their vacation down in the jungles, at Cooper's bridge, enjoying back to nature with their tent pitched in the shade of an old buckeye tree. The boys are enjoying their outing and say there is nothing like the outdoor life.

Mrs. J. Smith of San Francisco was here Tuesday visiting relatives. Mrs. Smith is the daughter of Mr. and Mrs. J. N. Beach. Mrs. Smith's little daughter, who had been spending several days at the Beach home, returned to the city with her mother.

G. Locarnini has been showing the new four wheel brake Star car here, which has been on exhibition at his garage. The cars are good sellers and with the added attraction there is no doubt that many sales will be made in this section.

REGULATING DANCES BY ORDINANCE

The Board of Supervisors of Yuba county, in attempting to regulate public dances, has stirred up quite a hornet's nest. The proposed ordinance is very strict and a license of \$2.50 per dance, or \$25 per month, shall be required of owners of dance platforms for their operation; that it shall be unlawful to hold dances between the hours of 1 a. m. and 7 a. m.; that vulgar dances of all descriptions shall be prohibited; that no one shall have serve or drink intoxicating liquors on or near the premises; that persons under 18 years of age shall be denied admission to such dance halls or platforms unless accompanied by a parent or legal guardian; that applicants for licenses for the construction or maintenance of dance halls or platforms shall in each case submit detailed sketches of their platforms showing lighting and sanitation of the platform and its environs. A fine of \$100 or 100 days in the county jail is provided for violations of the ordinance which is backed by the Parent Teachers' Association and women's organizations.

WATER COMPANY IN THE LIMELIGHT

The Sonoma Valley Water, Light and Power Company, which had a checkered career since the dream of the late L. L. Lewis to give Sonoma Valley a big water system from Yulupa Spring, above El Verano, went a-glimmering, is again in the limelight. The project sponsored by one Chester, who interested a number of Sonoma people in the plan to merge the O'Brien properties with the holdings of the company, has not been heard of for many months, but now comes Oakland people, Mr. and Mrs. Magnus, who bought some of the water company stock, and fear they are about to lose their \$5125 investment. They seek to recover that amount and ask that a receiver be appointed.

A Santa Rosa dispatch says: Charging fraudulent representation in the sale of stock of the Sonoma Water and Irrigation Company, Mr. and Mrs. C. A. Magnuson have started suit in the superior court, seeking to recover \$5125.

The Sonoma corporation, acting as a public utility company, obtained permission from the state Railroad Commission to sell \$100,000 worth of 8 per cent cumulative preferred stock and for the transfer of \$50,000 worth of common stock, the latter to go toward taking over the interests of the Sonoma Water, Light and Power Company, the complaint stated.

Magnuson and his wife, owners of \$2500 worth of preferred and \$2625 worth of common stock, maintain that they made the purchase under the impression that lucrative dividends were being paid and that the corporation had an extensive patronage in Sonoma Valley, representations which the plaintiffs allege were untrue. It is also stated that the company never was authorized to place the common stock on the market.

The income of the company in 1923 was \$400 while the present income is insufficient to pay operating expenses, Mr. and Mrs. Magnuson state. With the claim that the corporation "is in imminent danger of insolvency" they ask that a receiver be appointed during the pendency of the present action.

E. S. Page of Oakland is attorney for plaintiffs.

MISS HAHMANN DIED FOLLOWING OPERATION

Miss Clara Hahmann, a member of one of the oldest and best known families of Santa Rosa, died a few days ago at the Stanford University Hospital in San Francisco, where she was taken in a serious condition for an operation.

Miss Hahmann had been ill for some time, but it was only recently that the operation was thought necessary. She was apparently in fair health up until a short time before her death, which proved a great shock to her many friends. The death of Miss Clara Hahmann followed by three months that of her sister, Miss Paulina Hahmann, who was taken suddenly with heart trouble while talking to a friend in the Santa Rosa public library on February 26th.

The late Miss Hahmann was known here and her death will cause regret among her Sonoma friends.

FRED PARTRIDGE AND WIFE HOSTS AT PARTY

Mr. and Mrs. Fred Partridge invited 40 or more friends from San Francisco to motor up last Sunday and enjoy the hospitality of their home and the Sonoma Valley. The party was augmented here by a few friends from Sonoma, Boyes Springs and Santa Rosa. They were welcomed to the Partridge home by the genial host and his wife a former Santa Rosa girl, daughter of a pioneer family of that city. The city folks, many of them here for the first time, marveled at the climate and beauty of the Valley of the Moon and were delighted with the interesting country place of Mr. and Mrs. Partridge, at El Verano. The aviary, with its hundred canaries, pheasant pens, and gardens of this home make it one of the show places of the valley. The spacious home was thrown open to the guests and after a warm welcome and hour of sociability, Mr. and Mrs. Partridge led the party to the Golf Club, where a bounteous barbecue had been prepared. Tables were set under the trees and Chef Tanforan prepared one of the finest menus to his credit. Rudy Lichtenberg and Tom Greene looked after the pleasure of the guests and with the host saw to it that everyone had a lavish supply of good eats, which included grilled porterhouse steaks, frijoles, barbecued chicken, etc. Hon. Herbert Slater of Santa Rosa was toastmaster at the dinner de luxe and was at his best. His rhetorical brilliance was only matched by Lewis H. Byington, silver tongued Native Son, and his wit equalled by such raconteurs as Bill Wobber, W. F. Schmidt, Captain O'Meara, Mrs. C. E. Heiser, and other speakers from the bay cities. Mr. Partridge and his handsome wife were the recipients of many toasts and in replying reiterated their hearty welcome to all present.

Mr. Chiuda of San Francisco entertained the guests with a monologue imitative of George Beeban in "The
